Who We Are

The IT Geeks are a branch of IT that provides students with technology assistance to enhance their academic experience. We maintain labs in the library and residence halls, assist students with their computers, offer creative spaces to enhance learning, and help students with access to technology for academic projects.

Main Locations & Services

Crabbe Library Atrium

Library 207

Computer & Electronics Checkouts

We offer students free one-week checkouts of Windows and Mac laptops, cameras, iPads, projectors, and much more! We also provide in-lab checkouts to use in our 207 lab space.

Student Technology Lab

Located in Library 207, the student technology lab is equipped with Windows and Mac PCs, Cloud Printing, a Jamboard, and areas for collaboration. Additionally, the lab connects to our 207D teaching classroom.

Basic Tech Support

By walking into this location, emailing geeks@eku.edu, or calling **(859) 622-GEEK**, students can access basic tech support and troubleshooting.

Geek Innovation Center

Library 103

Advanced Tech Support

By walking into this location, emailing geeks@eku.edu, or calling **(859) 622-GEEK**, students can access both basic and advanced tech support and troubleshooting.

Diagnostic & Software Drop-Offs

Students can drop off their laptops with a Geek for extensive troubleshooting services and software downloads. The EKU Geeks cannot perform any hardware service, only diagnose the possible issue.

Virus & Malware Cleanups

If students are experiencing problems with viruses, malware, or pop-ups on their personal computer, the EKU Geeks can perform a drop-off for a free cleanup.

Additional Services

Learn IT

The EKU Geeks offer tech tutoring and on-demand training through Tech Talks to enhance pedagogy and learning in many different technology areas. Find more information at geeks.eku.edu/techtalks. Don't see what you need? Ask us!

Recycle IT

Rather than dumping unwanted electronic items in the trash, we offer the ability to recycle them responsibly! Old hardware, ink cartridges, cell phones, and batteries are among the many things we can take to help keep our campus green. Find a full list of recyclable items at geeks.eku.edu/electronics-recycling.

Lamination Station

Students can laminate and bind papers for their courses at our Lamination Station. For more information, visit geeks.eku.edu/lamination-station.

Geek Innovation Center

Our Colonel's Oasis, Game Gave, Makerspace, and Underground Media locations will be opening Fall 2021. These spaces work together within our Geek Innovation Center to foster innovation and creativity in EKU students.

The EKU IT Geeks will be holding events within these spaces and workshops students can attend for free. To keep up to date on these events, watch our website geeks.eku.edu and our social media [@EKUGeeks](https://twitter.com/EKUGeeks). LibGuides for each space will be available beginning in Fall 2021.

Colonel's Oasis

The Colonel's Oasis is for students to relax and destress in and includes:

Yoga & Zen Garden

Massage Chair

Virtual Pets

And much more!

Game Cave

The Game Cave is both an educational and recreational space that allows students to checkout games and consoles including:

Board Games, Card Games & Puzzles

Gaming Consoles

Gaming PCs

Makerspace

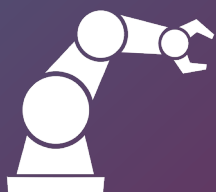

The Makerspace contains innovative technology and a creative tinkering space, including:

3D Designing, Modeling & Printing

Textiles, Cutting & Milling

Robotics & Electronics

Arts & Crafts

Valve VR & Oculus Quest 2 Experience

PCs for Programming & Development

And much more!

Underground Media

Underground Media offers space for digital and innovative technology to support student media and presentation needs. It includes:

Photography Studio

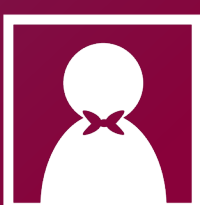

Videography Studio

Podcasting Studio

Claymation Studio

Professional Headshots

New iMac lab
